

Job 31:24-40

By Pastor David Kuntz

Introduction: What we basically have in chapter 31 is the Gospel according to Job. The Gospel is never just the Gospel; it is always the Gospel according to someone. The good news of God is always filtered through human beings in the world. And the reason is so that people can see the power of God in salvation. Our testimony of having every facet of our life changed screams out to a lost world! Tonight, we will see again how the Gospel affects the whole being of a man specifically in the areas of worship, your attitude and stewardship.
